

# Birthrate in the years 1920-1980

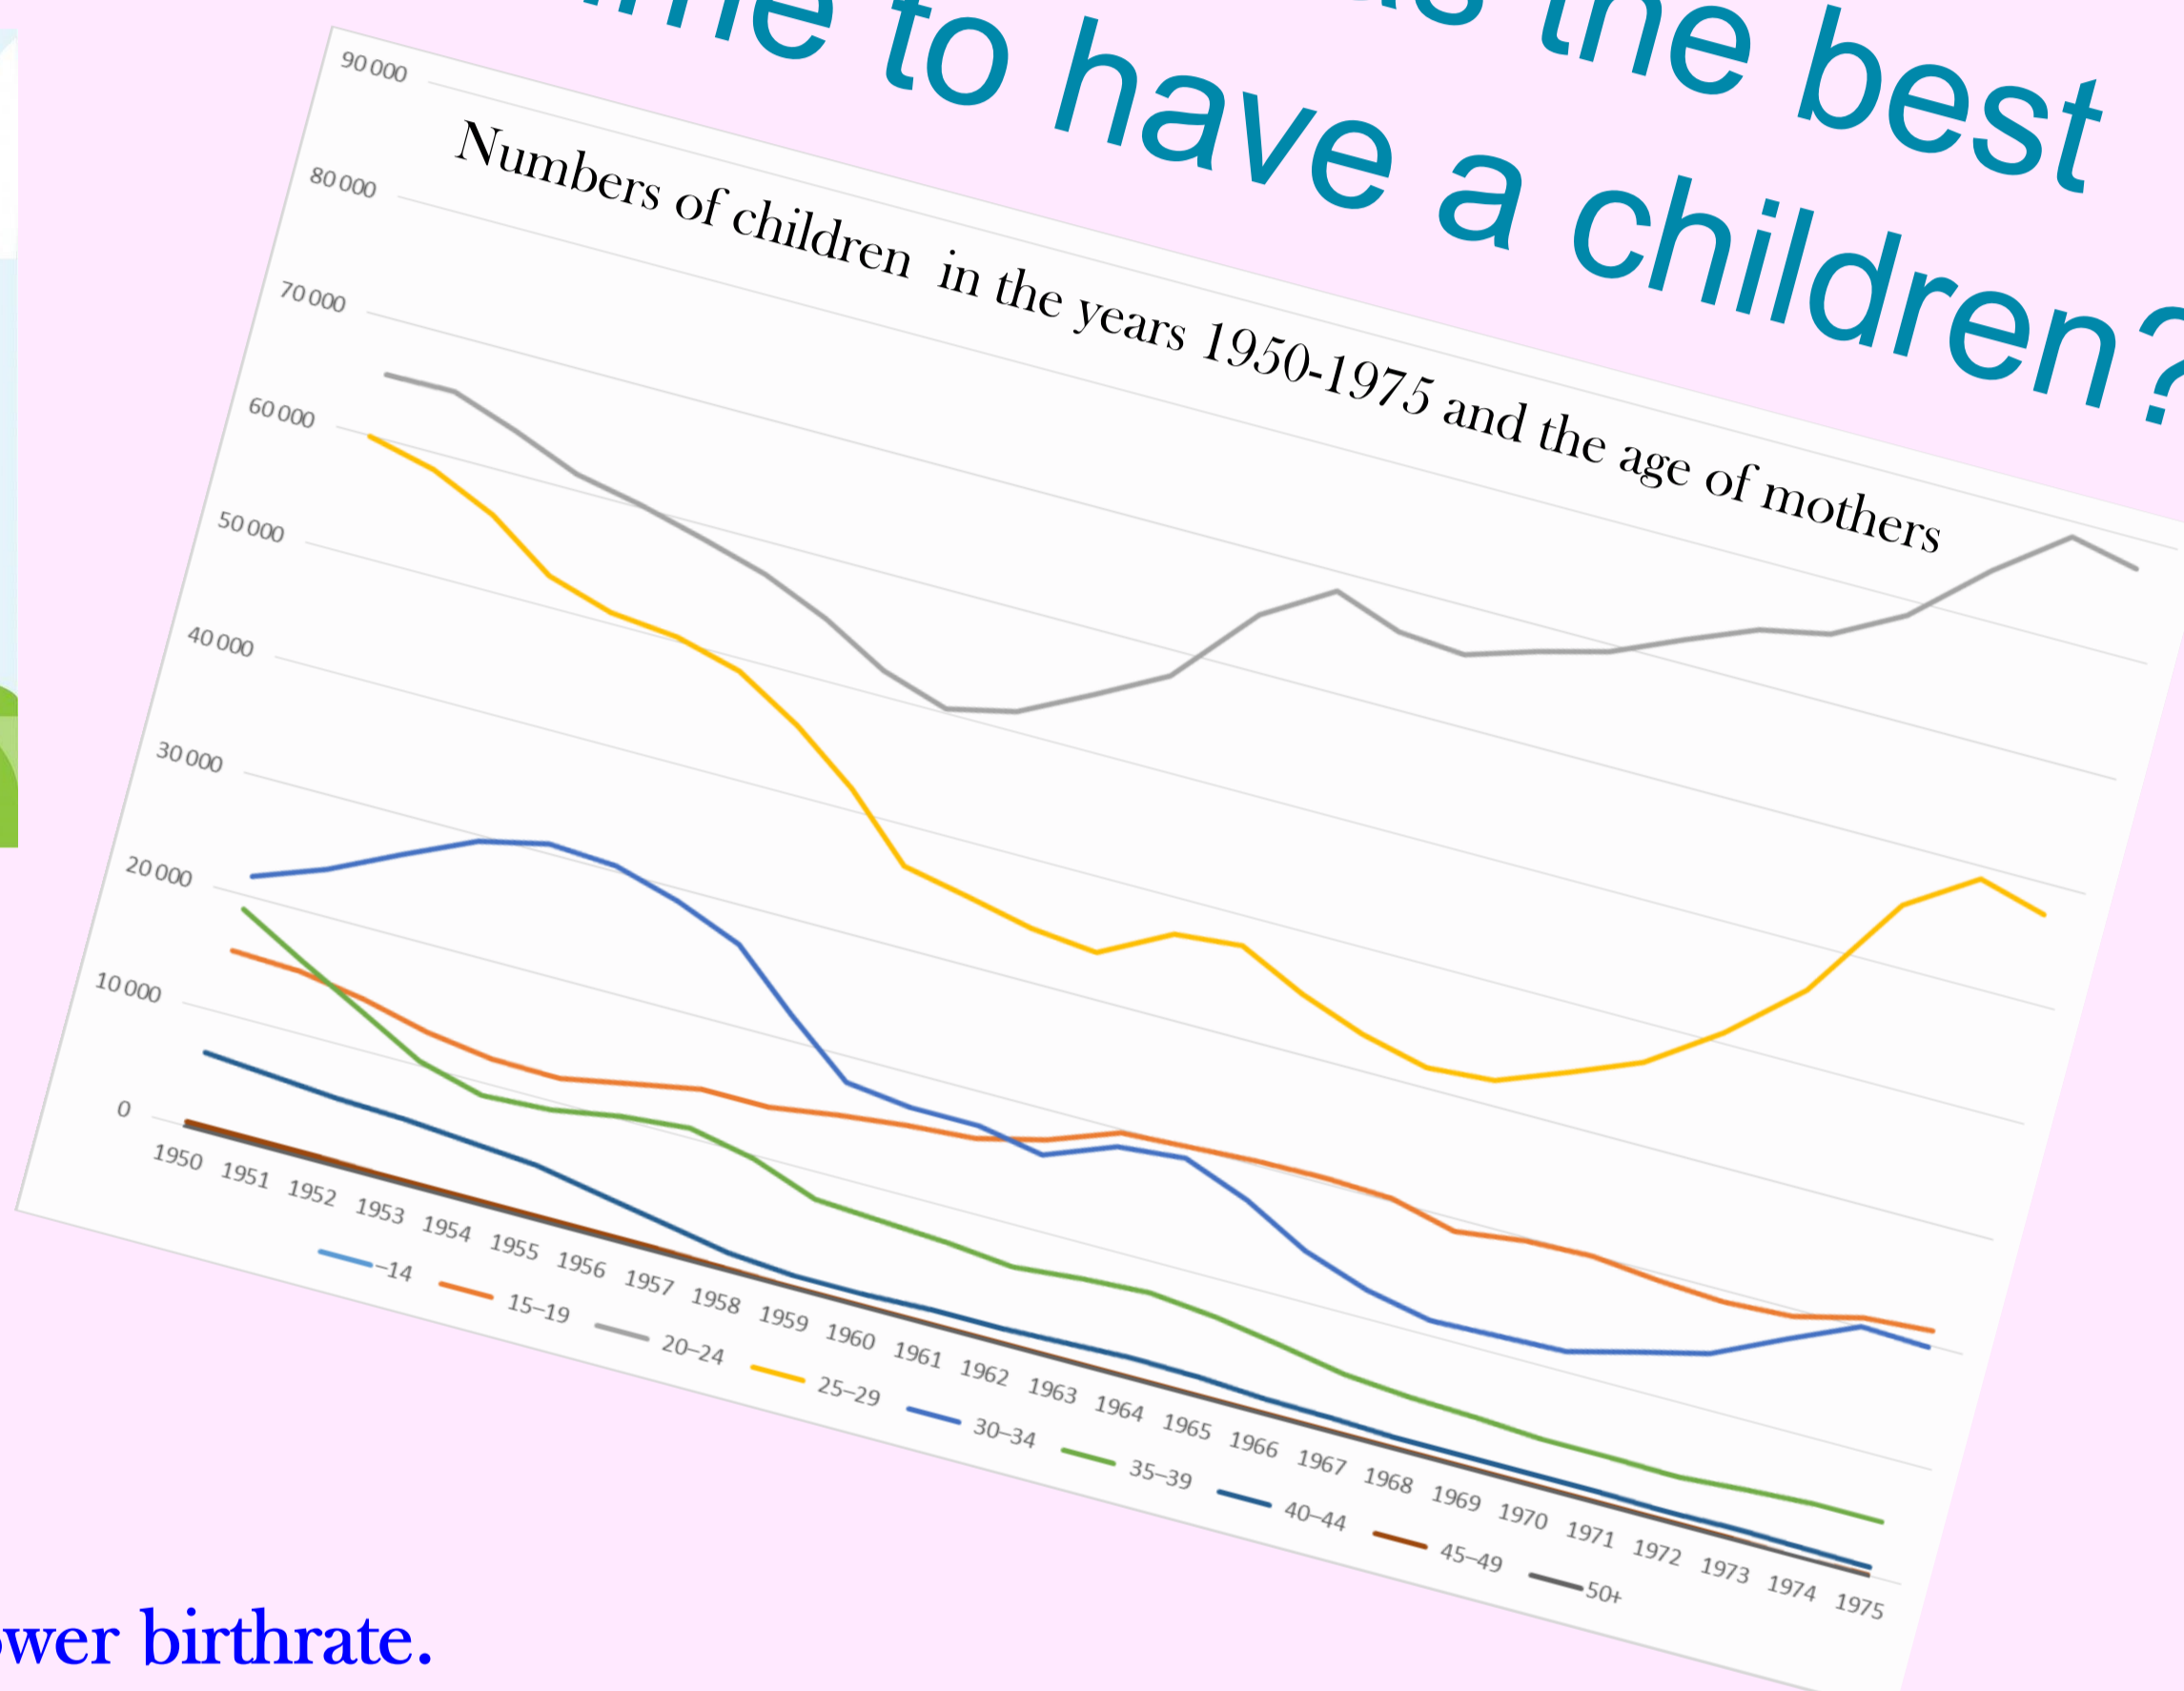

The population of people in the Czech Republic reduced?

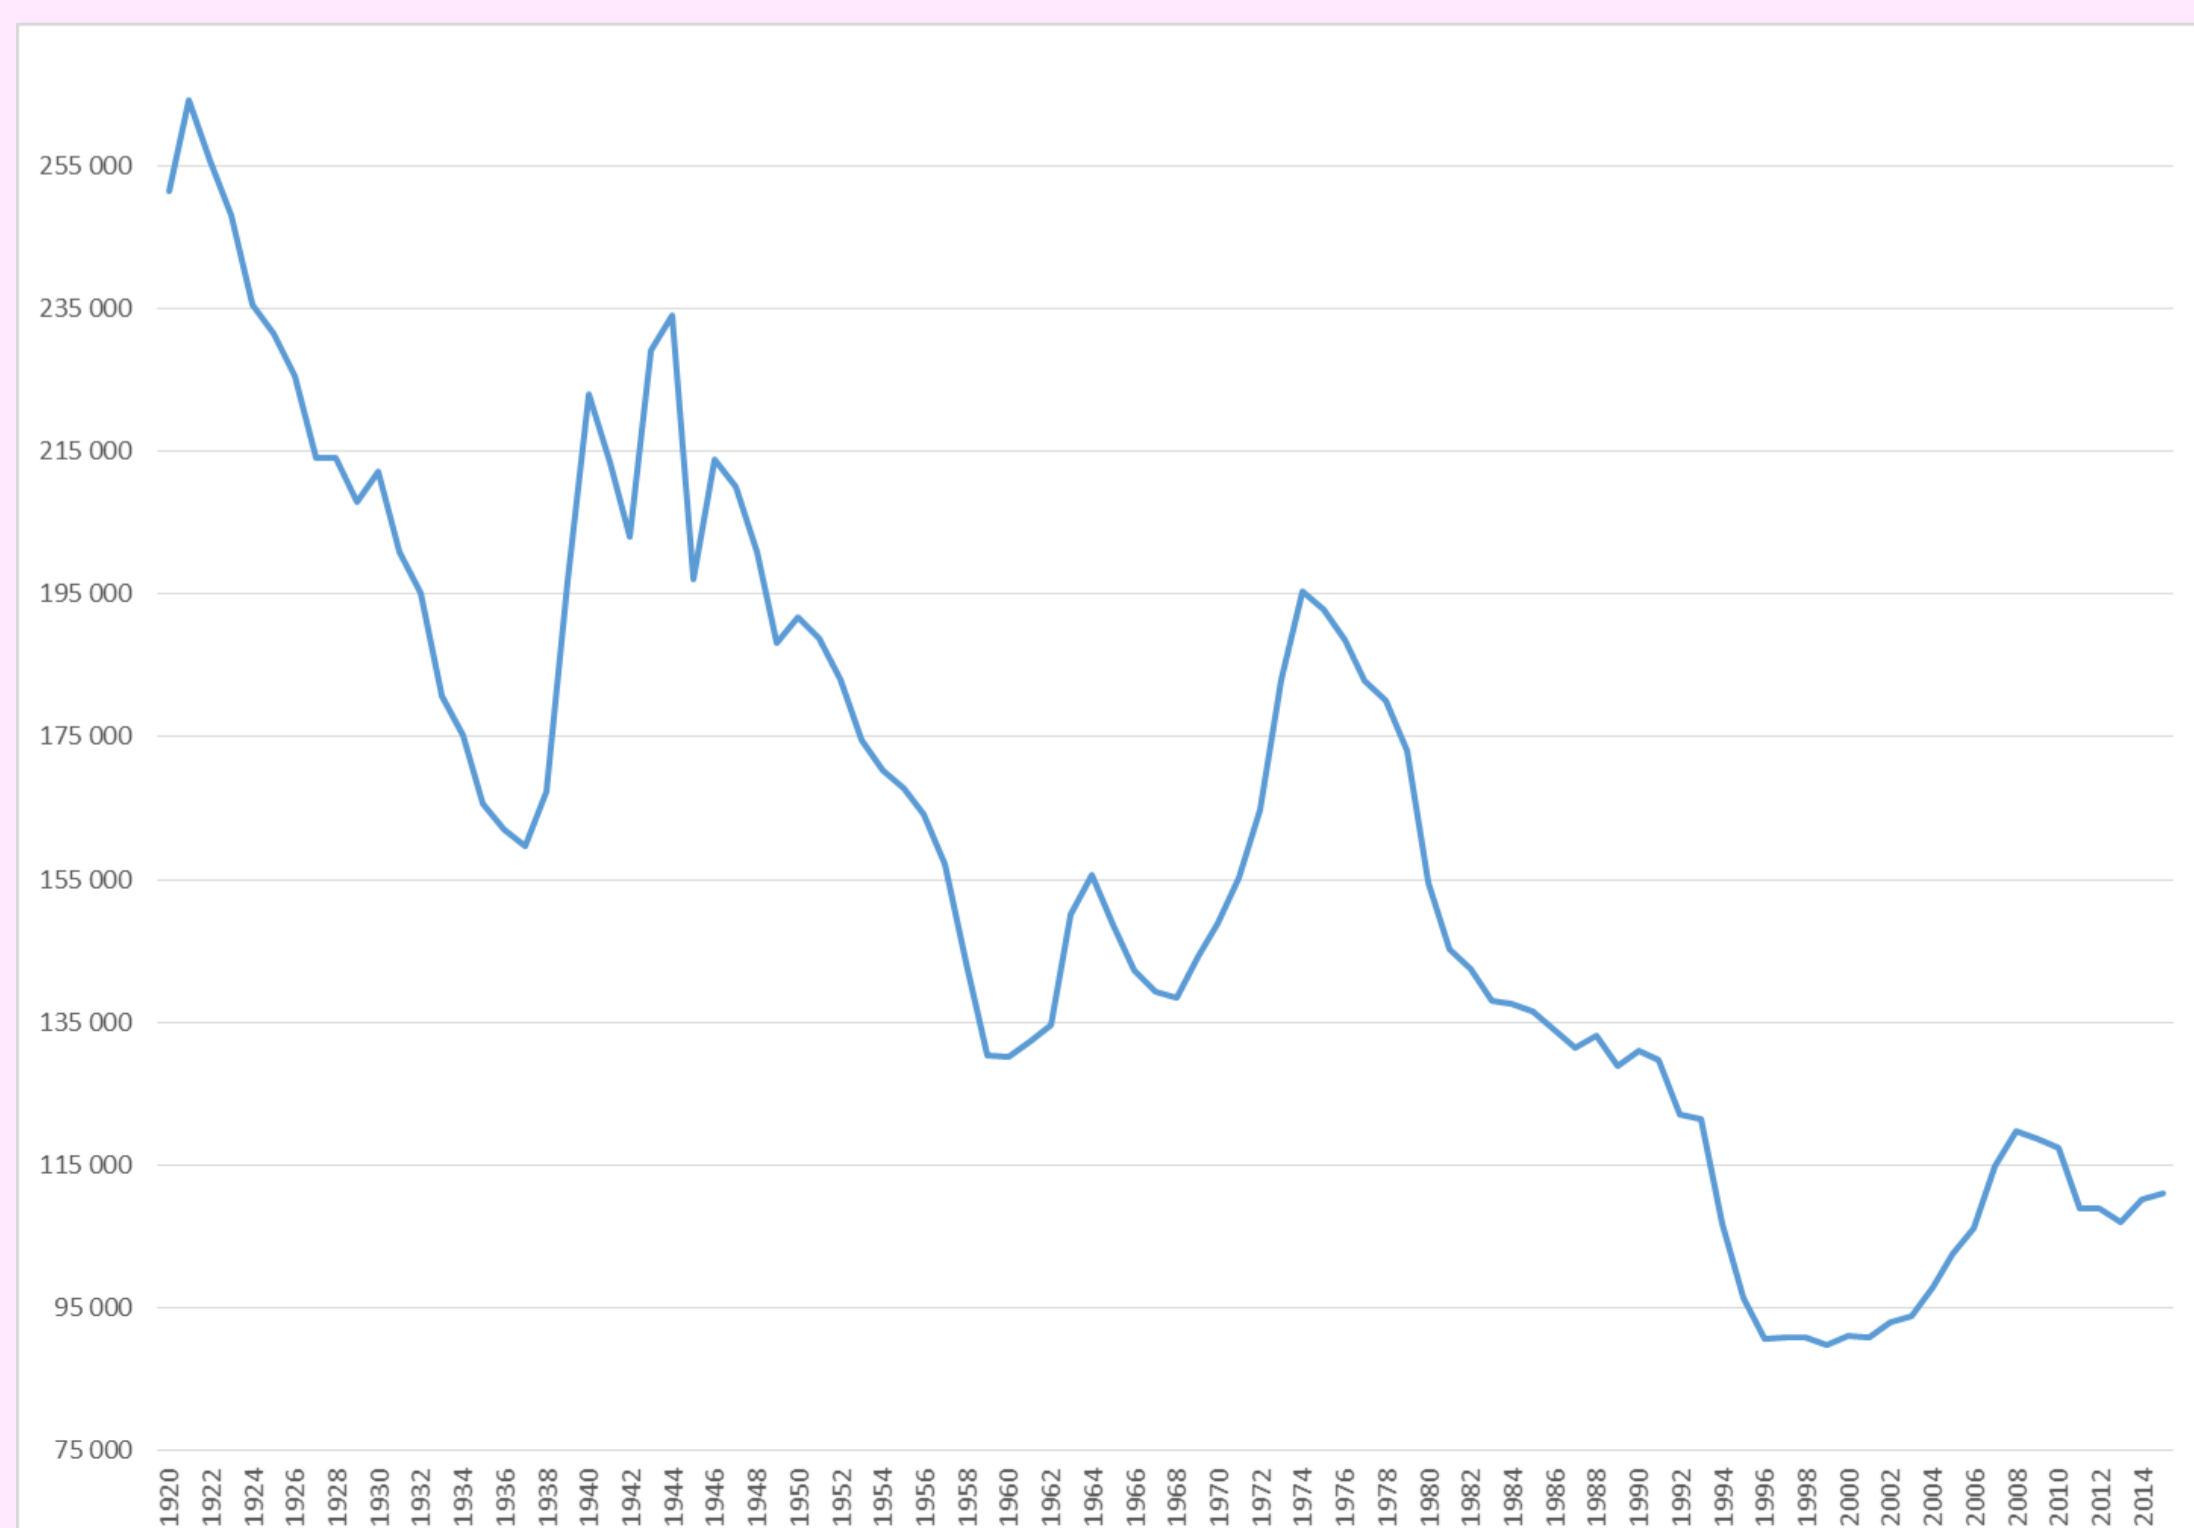

Do you think that least children were born during World War II.? **YOU ARE WRONG!**

When was the best time to have a children?

Here is the proof that we have lower and lower birthrate.

When will be that \*BIG BOOM\* in birthrate again?!

People who was born in the 70's are calld Husák's children because this time here were Gustav Husák like president
